ZIPLINE

Our twin parallel ziplines flow across the picturesque Faughan Valley making this a thrill with a view. With the wind flowing through your hair, fly along the countryside at speeds of up to 40mph. If you don't want to do it alone grab a friend and do it together. With over 550m of cable capable of holding 14 tonnes we go over the top on safety so you can go over the top safely.

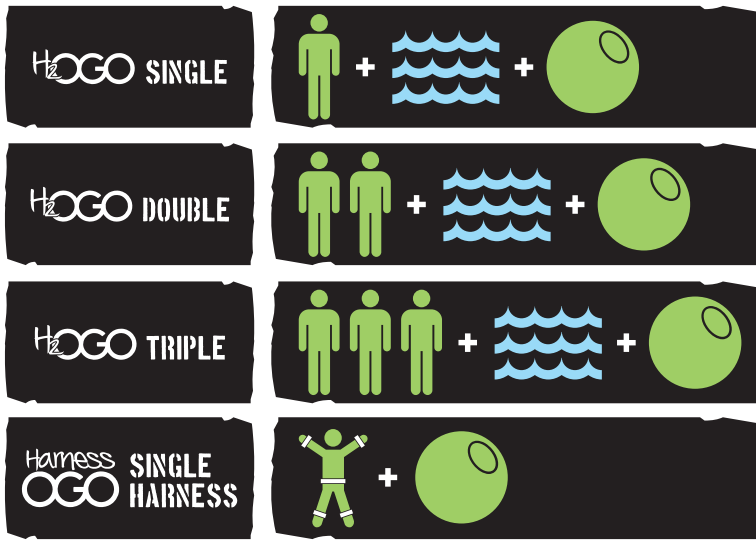

GIANT SWING

Let us take you to the edge of your limits on our Giant Swing. It is the adrenaline equivalent to jumping head first off a cliff, but with a bit of a twist. Participants are cocooned in our specially designed harnesses and raised slowly towards the sky by their feet. With the anticipation building and adrenalin pumping you are facing head first at a max height of 60ft. The rip cord is pulled sending you flying towards the ground pulling 2-3 G's on the way. Our swing can take up to 3 people so what are you waiting for everybody wants to be a swinger.

ZORBING

The OGO is a 3 metre transparent sphere lovingly constructed from over 100 square metres of plastic, little anchors, multi-coloured strings and endless hours of welding, glueing and tying combined with sweat, tears and billions of teensy little kisses to make a beautiful big ball that you can jump inside and roll down a hill.

Oakfire's OGO Park is our very own play-paddock where we spend our days rolling down our purpose built double track.

You can roll down the hill in either our Harnessed OGO or in our warm water filled H2OGO. If you are VERY lucky and ask VERY nicely, you may be able to persuade our staff to stop playing in the OGOs briefly and allow you to have a turn.

One activity = One tree

As part of our celebrations for Derry-Londonderry City of Culture 2013 for every person that completes an activity we shall plant a tree on the farm
